#### A Logo At Last

How do you like our logo?

After several months, we can finally brag about our logo, which features the Virginia Street bridge, the structure that ties our community together.

This is the oldest functioning bridge in Reno and one of the oldest in Nevada. Constructed in 1905, it spans a place in the Truckee River where a bridge has existed since the late 1850s. When you're down on the river walk, read the plaques which tell the history of this important landmark. The logo combines the work of Double Click Design and illustrator Loren Jahn.

#### Historic Reno Preservation Society A Reality

Preservation became a forceful reality in Reno on Sept. 22, 1997 at Mt. Rose School when sixty people met to hear architect Max Hershenow discuss local and national preservation issues. Jon Dewey and Katherine Hale followed with information about the Riverside and Mapes hotels.

Newly elected officers are Pat Ferraro Klos, President; Cindy Ainsworth, Vice-President; Holly Young, Treasurer; Sandy Saunders, Secretary. The Board of Directors also includes Scott Gibson, Nancy Holmes, Charlotte McConnell, Bill Thimmesch, and Kathryn Wishart.

The October meeting featured Gerald Takano of the San Francisco office of the National Trust for Historic Preservation. In November, Christine Fey of the City of Reno Planning Department reviewed the historical components of the Reno Visual Preference Survey. No meeting was held in December.

#### Champions of the River

On December 23, 1997 the Reno Gazette-Journal ran a story about volunteers working to save the Truckee River. HRPS member Nancy Holmes will be our representative to the Champions of the River committee. She needs help from you, so please call her at home at 852-2094 and leave a message.

The river influences three of the most important districts in the city: the downtown corridor, the Riverside Drive neighborhood, and the Newlands neighborhood on the bluff. Volunteers are eagerly being sought and need no special skills.

#### Have We Got A Program For You!

Cindy Ainsworth, HRPS Vice-President and Program Chair, has things pretty much lined up for January through June 1998. These programs will be held during regular meetings.

HRPS meetings are generally held the fourth Monday of the month at 7:00 at Mt. Rose Elementary School, 915 Lander St., Reno

### What's Happened & Happening

Historic Reno Preservation Society helped Step 2 present their best ever "Homes for the Holidays" tour. Historic properties in the Newlands neighborhood were opened on Saturday and Sunday, December 6th and 7th, to hundreds of supporters of the Step 2 programs. Hostesses from HRPS were Theresa Frisch, Cindy Ainsworth, Holly Young, Charlotte McConnell, Marcia Halsey, Ellen Williams, Sharon Walbridge, Vivian Kirchoff, Carolyn Asikainen, Jane Bantz, Pat Klos, Ann McCarty, and Nancy Holmes.

Two walking tour training sessions have been held at R&R Advertising on Jones Street at Riverside Drive. Concensus for attendees was to go forth with neighborhood walks during National Historic Preservation Week (May 10-16) and in July for Reno's "Uptown, Downtown, Artown" month of activities. Watch for these walks to be announced in the "What's Happening" column of the Reno Gazette-Journal.

#### Truckee Meadows Heritage Trust Joins Preservation Effort

HRPS congratulates the Heritage Trust and their efforts to raise money to save the Riverside and Mapes Hotels. Their motto is "Preserving our valuable heritage through community partnership."

The TMHT sponsored the Mapes 50th Birthday Party on December 17th, which was attended by over 200 people and the media as well. Good work Trust Members!

Watch for an upcoming letter from the TMHT.

#### Goals of Historic Reno Preservation Society

- 1. Train Walking Tour Docents.
- Develop educational programs for children and adults.
- 3. Build a strong membership.
- 4. Make available materials about preservation and lists of historic properties and issues.
- 5. Identify endangered sites.
- Inform about local, state, and national preservation issues through timely programming.
- 7. Build partnerships between HRPS, Reno Historic Resources Commission, neighborhood councils, and other preservation groups.
- 8. Recognize and reward historic preservation projects.
- Build a partnership with the local Native American community.
- Purchase and develop a house museum in the Truckee River corridor.

#### Heads Up!

What's the fate of the Amtrack train station and the El Cortez Hotel?

HRPS wants its members and interested preservationists to pay attention to these two historic properties as well as the "downtown jewels."

For years, the courthouse, the post office, the Riverside, and the Mapes have been referred to as "the jewels," and that they are. But we are asking all of you to watch for changes in other downtown properties as well, as our city continues to grow. Call your council people, talk to your county commissioners, speak out at your neighborhood councils, attend Oliver McMillan planning sessions, and attend HRPS meetings where issues are discussed.

Membership in the National Trust for Historic Preservation will kep you informed as to preservation issues in other parts of the country and strategies that have been used to save historic properties, as well as the travesty of lost properties. Informed citizens are powerful people!
